

31st August 2021

Dear valued customer,

The previously communicated tight supply situation for many of our key raw materials has continued to worsen. In addition to this we are also experiencing huge increases in energy, packaging and transport costs.

For these reasons we have no option but to further increase our prices to recover some of the increased costs in our supply chain.

As of 1st October 2021, we will be increasing prices where contracts allow by 7-9 % depending on product type.

We thank you for your continued business and understanding during these unprecedented times.

Please contact your SNF Account manager if you have any questions regarding this matter.

A handwritten signature in blue ink that reads 'Andrew Woollin'.
